

Clean Up Day List

Thanks so much for checking on the list for things that you can do to help out. You will find here a generalized list of the things that need done. Please pick an item or items that you feel you can conquer. Please contact Mike and Tracie Peck (765) 242-9208 to let them know which task you would like to do. Please understand that they will coordinate the tasks being done. So if the task you want to do is taken or done then they may suggest a different task. As we all work together we can see things get done. Thanks for helping out.
